

## NOTICE: BEGINNING MAY 20, 2024 CONSTRUCTION ACTIVITIES

### HOLLYWOOD NORTH BEACH UTILITIES UNDERGROUND CONVERSION

We are please to inform the North Beach Community that the initial preconstruction vacuum excavation soft-dig activities, to identify most known existing utilities, are now completed on all residential streets between Balboa & Franklin, as well as Douglas & Freedom. During further preconstruction investigation between Florida Power & Light, The City of Hollywood, the Design Engineer & Whiting-Turner, it was also determined that efficiencies would be gained, and the overall project schedule may be reduced, by re-sequencing the construction installation activities from south to north, in lieu of the previously proposed north to south installations.

Construction will begin on Monday, May 20th, at Franklin Street (watermain installation) and Monday, June 3rd, on Freedom Street (electrical underground infrastructure) and progress to the north. Work hours will be Monday through Friday between 7 AM and 6 PM.

The electrical crews on Freedom will utilize directional drilling technology to efficiently minimize impact to the neighborhood.

The Underground Utilities (watermain) crews on Franklin will be excavating the roadway to install the new watermain infrastructure. At the end of each work day, steel plates will be utilized to cover any excavations for pedestrian safety.

Access to each driveway will be established at the end of each workday. If vehicles are required during working hours, we ask that they be relocated before crews commence at 7AM.

#### TIMING

On Franklin through Balboa, underground utility crews (watermain) will work from east to west, with work zones segmented into three sections for each street, to facilitate access and egress.

Each section will be closed for approximately 30 days to facilitate installation, testing & inspections.

This schedule is subject to change based on inclement weather or other unforeseen circumstances.

Each subsequent street will be notified at least one week in advance of any construction activities.

### TRAFFIC AND PARKING IMPACTS

- Pedestrian Access to each residence / business will be maintained at all times
- Please follow the posted signs and drive with caution, as workers will be present.
- Construction equipment may be parked in the workzone adjacent to your property, for extended periods of time, and therefore vehicular access to properties will be limited.
- Temporary parking will be available on **Perry Street** to residents and businesses affected by the construction activities.

**Registration is required through the project website listed below. Once registered, a Whiting-Turner staff member will issue a parking decal to hang from your vehicle's rear view mirror.**

**PLEASE SEE PHOTOS ON REVERSE SIDE**
