

NOTICE: BEGINNING JULY 1, 2024 ELM STREET - CONSTRUCTION ACTIVITIES

HOLLYWOOD NORTH BEACH UTILITIES UNDERGROUND CONVERSION

As construction activities progress, crews have been working diligently to install the proposed watermain and electrical infrastructure at Franklin, Douglas & Freedom Streets. Our watermain crew has however encountered some unknown conflicts on Franklin, and at the intersection of Surf, that is currently affecting the installation of the proposed watermain. Whiting-Turner is working with the City and their Engineer of Record to mitigate these conflicts and to provide a speedy resolution, to continue with the watermain installation. The Electrical crew on the other hand has completed the initial conduit installations on both Douglas and Freedom Street, as well as the corresponding sections of A1A and Surf.

Beginning Wednesday, June 26, 2024, the Electrical Crew will begin installing conduits from west to east along Oak Street, working their way north on Surf Road, then continuing west along Elm Street.

Work hours will be Monday through Friday between 7AM and 6PM. Directional drilling technology will be utilized to efficiently minimize impacts to the neighborhood.

Access to each driveway will be established at the end of each workday. If vehicles are required during working hours, we ask that they be relocated before crews commence at 7AM.

TIMING

On Franklin through Balboa, underground utility crews (watermain) will work from east to west, with work zones segmented into three sections for each street, to facilitate access and egress.

Each section will be closed for approximately 30 days to facilitate installation, testing & inspections.

This schedule is subject to change based on inclement weather or other unforeseen circumstances.

Each subsequent street will be notified at least one week in advance of any construction activities.

TRAFFIC AND PARKING IMPACTS

- Pedestrian Access to each residence / business will be maintained at all times
- Please follow the posted signs and drive with caution, as workers will be present.
- Construction equipment may be parked in the workzone adjacent to your property, for extended periods of time, and therefore vehicular access to properties will be limited.
- Temporary parking will be available on **Perry Street** to residents and businesses affected by the construction activities.

Registration is required through the project website listed below. Once registered, a Whiting-Turner staff member will issue a parking decal to hang from your vehicle's rear view mirror.
